Sana'a (AA)

441

claims in the period · 335 blame the other side · 106 own operations · 108 civilians killed claimed

9 Oct · Sa'dah: Saudi rocket attack on areas of Kitaf wa al-Boqe', Sahar and Al Salem

12% of its reports also told by PLC or KSA (54)

PLC forces (Yemeni army)

93

claims in the period · 11 blame the other side · 67 own operations

9 Oct · Nationwide: The army says it made more than 2,750 strikes in 24 hours, claiming more than 1,400 Houthis neutralised (combatants, not counted).

43% of its placed claims match a Sana'a report (33 of 77)

KSA (Saudi-led coalition)

23

claims in the period · 15 blame the other side · 7 own operations

9 Oct · Nationwide: The coalition says it destroyed 3 Houthi missile launchers.

53% of its placed claims match a Sana'a report (8 of 15)

Feeds: PLC: 170 statements read, newest 2026-10-09 · KSA: 36 statements read, newest 2026-10-09. Claims are coded by hand from each side's statements and are not verified.

Built from the three trackers' coded data: incidents from the Yemen Incident Tracker (Sa'dah included), AA operations and the spokesman's daily tallies from the escalation map. All figures are as reported by one party to the conflict and are not independently verified. Strike counts marked ≥ include reports that give no number, counted as 1.
